# Dragon Naturally Speaking Course Development

CURRICULUM

2024

**The Dragon Naturally Speaking Course Development, offered by The Learning Source, LLC, is an 18-hour program spread over**

**1.5 Weeks**

**Comprising: 11 Modules**

Students learn to use enterprise-ready speech recognition software for hands-free computer operation, including document dictation, emailing, web searching, and voice-controlled PC usage. The course is well-suited for individuals seeking enhanced work environment flexibility, especially those with physical limitations. Interactive live sessions and practical exercises enable a dynamic learning experience, guided by expert instructors ensuring comprehensive understanding and effective application of the software's features. Real-world case studies and simulations further reinforce practical skills for effective technology utilization.
